

KING FROST

(reserved)

I'm glad you agreed to stay after Prince Ember. There is an important matter I would like to discuss.

PRINCE EMBER

(rude)

Can you make it quick? The weather in this kingdom is absolutely awful.

KING FROST

(annoyed but still reserved)

(sigh) I want to talk to you about your behavior in the meeting today.

KING FROST

You've been rather...hostile with me in the past few gatherings with the other elements. I think today may have been the worst.

PRINCE EMBER

(mocking)

Oh, no! Did I upset the mighty King Frost? I'll try to be more polite the next time I 'critique' one of your silly environment protection plans.

KING FROST

(getting angry)

Prince Ember, please! I understand that the Fire and Ice kingdom are opposing elements but I would rather we work together than against.

KING FROST

(politely appeal)

I don't know what the issue is but please, tell me what I can do to make our interactions with each other more pleasant.

PRINCE EMBER

(bratty rant)

You want to know what the issue is...this! This entire joke
of a kingdom.

PRINCE EMBER

I hate coming to this frigid wasteland just to talk with a
bunch of old farts, and watch as they verbally jerk each
other off as they boast about how 'great' their regions
are.

PRINCE EMBER

And you're the worst, "King Frost". Pretending to be all
reserved and polite, but we all know the second things go
south you'll be the first to fuck us all over.

PRINCE EMBER

Fuck! You can wipe out a kingdom in a matter of seconds
just by summoning up a simple blizzard, but we're all just
supposed to sit here and pretend that we can trust you?

PRINCE EMBER

Yeah, I'll believe that the day you kiss my ass.

KING FROST

(reserved)

Fine.

PRINCE EMBER

(caught off guard)

Wh-What?

KING FROST

Present it to me and I'll kiss it.

PRINCE EMBER

Yo-you're not serious.

KING FROST

I am deeply serious. I meant what I said, Prince.

SFX: CHAIR GET UP

KING FROST

I want no clashing between us or any other kingdom. If kissing your backside is what I need to do to convince you of that. Then I will gladly do it.

SFX: CHAIR GET UP

SFX: WALKING

SFX: WOOD DESK CREAK

PRINCE EMBER

(cocky)

Hah, I can't wait to tell the boys back home about this.

PRINCE EMBER

(mocking)

What are you waiting for, King? Chickening out?

KING FROST

No...just taken aback by how feminine your lower half is.

PRINCE EMBER

Why you-(soft gasp)

KING FROST

(kissing)

KING FROST

(smiling/playful)

No need to get upset. I never said I disliked it.

PRINCE EMBER

(trying to hide his arousal)

I can't believe you're actually doing this.

PRINCE EMBER

Aah!...Wait? Is that your tongue-AAH

KING FROST

(eating his ass)

PRINCE EMBER

(whimpering and moaning)

PRINCE EMBER

(begging)

Yes...more...please...ah

PRINCE EMBER

(whimpering and moaning)

PRINCE EMBER

(out of breath)

Wait...why did you stop?

PRINCE EMBER

(angry)

Answer me, King Frost, or I'll report what you've done to
the-

KING FROST

(Dom)

You'll do no such thing.

PRINCE EMBER

(intimidated but still angry)

Ex...Excuse you?

SFX: UNZIP

KING FROST

It's about time I put this spoiled princely ass in its
place.

KING FROST

(grunt)

SFX: INSERTION

PRINCE EMBER

Ooh fuuuck!

PRINCE EMBER

(moans and whimpers as being penetrated)

KING FROST

I'm no fool, Prince. This is what you've been wanting. For me to snap and break your royal ass into two.

PRINCE EMBER

Yes! Please! Give me all of you-gAAH!

SFX: PLAPS

KING FROST

(grunting)

PRINCE EMBER

(improv moaning)

PRINCE EMBER

Yes! Yes! Fuck me my king! More! More-AAH!

SFX: FASTER PLAPS

KING FROST

(faster grunts)

PRINCE EMBER

(faster improv moaning)

KING FROST

(through grunts/dom)

I want you to cum! You hear me, you fucking brat! I want you to come for your king right now!

PRINCE EMBER

Yes! For my king! My king! My-

KING FROST AND PRINCE EMBER

(orgasm)

KING FROST AND PRINCE EMBER

(panting)

KING FROST

(reserved)

Well, I think this discussion went well.

KING FROST

(dom/cocky)

Can't wait to see how our...*future meetings* will go from
now on.
